December 31, 1969

Dear Harold,

Hi! Remember me? I doubt if you will since I haven't written for so long. Its not because I didn't want to write, but rather because its been rather busy around here. We are pulling out this friday for a 7 month mediteranean cruise. I get out of the Navy as soon as we get back, so I'm looking forward to that!!

One of the reasons I've written is to ask you what has turned up concerning Youngblood. Especially concerning the pictures of "Jack" Youngblood I sent you?? Anything from Nancy Rich??

Also, how about lining me up with an area to work in concerning the case, when I get out. I'll have some spare time, even while I'm in college, so I could do some work in this respect.

By the way, I was home on leave and while there, I was on an all night radio call-in show discussing the case. It was really interesting and quite a bit of favorable response. You've probably been on a dozen of them, huh? I like the call-in programs better than the regular taped interview show.

Let me know of anything new that has developed. Take care and write soon.

Sincerely Yours,

Barry W. Ernest
